### PROJECT PORTFOLIO

Product:  
Contractor:

Sport 4010, catch basins  
Precision Turf

Oklahoma State University track and field facility is located on the northeast corner of the OSU Athletic Village, includes berm seating and a state-of-the-art locker room facility. The facility replaces the Kaye Barrett Droke Track & Field Center that had been in use since 1972.

The Sport 4000 (440 ft), Sport 2000 (967 in) and catch basin were used to help with drainage.
