PROJECT PORTFOLIO

Product:
Contractor:

Sport 3000, S4002, 495Q grates, catch basins
Triad Construction, West Allis, WI
Mann Brothers Inc, Elkhorn, WI

The quality of life for Wauwatosa residents has been enhanced for many decades by the availability of recreational activities for its residents in the heart of its community at Hart Park, located in the floodplain of the Menomonee River.

The Sport 3000 (1,312 ft), S4002, 495Q grates and catch basins (928 ft) were used to help with drainage.
