

ACO SPORT

University of Virginia Track & Field - Lanningan Field Charlottesville, VA

PROJECT PORTFOLIO

Product:
Contractor:

System 3000, K100S, 461Q grates, catch basins
Barton Malow Company, Charlottesville, VA
Clark Companies, Delhi, NY

Lanningan Field, the University of Virginia's outdoor track and field athletic facility on Copeley Road, has long been open to community walkers and runners without restriction.

The Sport 3000 with catch basins (400 meters), K100S with catch basins (197 meters), and 461Q grates were used for drainage.
