## MIT - Jack Berry Field Cambridge, MA

### PROJECT PORTFOLIO

Product:  
Contractor:

System 4020, 494Q black grates, catch basins  
RAD Corporation, Rockland, MA

Helping to shape the outdoor landscape is Jack Barry Field, a 100,000-square foot Astroturf field lined for intercollegiate field hockey as well as numerous club and intramural activities.

The Sport 4020 and 494Q grates (798 ft) were used to help with drainage.
